

EFFECTIVE BOARD GOVERNANCE WORKSHOP

The Effective Board Governance Workshop guides and supports the School District/Charter and Governing Board in developing a **Governance Handbook**. The process *formalizes the protocols* which will ensure the School District/Charter's Leadership Culture is highly functional and is respected by those working with and for the Governing Board.

"Our District has been **extremely pleased** with the National Center in providing a wide range of services. Consultants assisted our Board in developing our Governance Protocols and returned to review them, when new Board members joined our Governance Team. We **highly recommend** the National Center in working with governance teams in leadership styles and in developing governance protocols."

Misty Wharton, Superintendent
Nestucca Valley School District

Effective Boards **discuss** and **agree** on the formal structures and processes used by the Board and Superintendent/CEO. This two-part workshop focuses on how the Board will operate and how members agree they will do business, in order to govern effectively.

WORKSHOP GOALS/OUTCOMES

The Board Governance Workshop stimulates active discussion between Board members and results in a written **Board Governance Handbook**, helping guide the working relationships between Board members and the Superintendent/CEO.

WORKSHOP PART 1

The National Center Consultant will present customized **Leadership Style Research** enabling Board members to become more effective in working with one another and with the staff members they lead.

WORKSHOP PART 2

Attendees will participate in a **Board Protocol Workshop**, an interactive process enabling the Board to "proactively" create governance protocols. The process assists in developing mutual understanding and support between Board members, which builds teamwork to improve student learning in the School District/Charter.

WHO WE ARE, WHAT WE DO

The National Center provides **High-Quality Advising, Assistance, Professional Learning, and Product Development** to Agencies, Board Members, and Executives. Established in 2008 by Dr. Walt L. Hanline, the National Center has served hundreds of Governing Boards, School Districts, Cities, State Agencies, Non-Profits, and County Offices of Education, nationwide.
